PURE PRO Tankless Pressure-Assist One-Piece Toilet

The PURE PRO CETIO introduces a new generation of bathroom technology by combining a sleek tankless one-piece design with the powerful Kirin Pressure-Assist Flushing System. Engineered for modern living, this toilet delivers strong and reliable flushing performance without requiring electricity, making it an efficient and dependable solution for contemporary homes.

Designed with comfort, hygiene, and minimalist aesthetics in mind, PURE PRO CETIO features an integrated dual-wash system for feminine and posterior cleaning using room-temperature water. Its fully skirted profile, ADA-compliant universal height, and ultra-efficient water consumption provide the perfect balance between advanced functionality and modern bathroom design.

Key Features:

No Electricity Required

- Advanced mechanical flushing system delivers powerful performance without electrical components.

Kirin Pressure-Assist Flushing System

- High-efficiency pressure-assist technology provides powerful, consistent flushing with minimal water usage.

Remote Button Flush

- Bluetooth-paired remote flush button allows flexible installation anywhere in the bathroom.

Tankless Modern Design

- Sleek one-piece construction with concealed trapway creates a minimalist and modern bathroom aesthetic.

Ultra-Efficient Water Consumption

- Uses only 3.8 LPF (1.0 GPF) for exceptional water savings without compromising performance.

Universal Height Comfort

- ADA-compliant universal height enhances accessibility and comfort.

Enhanced Hygiene System

- Features antibacterial self-cleaning nozzle with automatic nozzle cleaning.
